

REACH Compliance Statement

EC Regulation No. 1907/2006 of the European Parliament and of the Council of 18th December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (known as "REACH") seeks to protect human health and the environment through the regulation of chemicals.

We hereby confirm that our products comply with the related requirements of REACH as follows:

- All our material supplies (not include the package materials) are confirmed by the suppliers to be compliant with EC1907/2006 REACH requirements.
- Therefore we can reasonably confirm that all our products meet all applicable EC1907/2006 REACH requirements and also comply with the regulated requirements on Substances of Very High Concern (SVHC) for a total of 247 substances as defined in Article 57 and Annex XIV and in Article 67 and Annex XVII with latest amendment dated 21th Jan 2025.
- If limited to the performance requirements of the customer product which may result in the selected product materials exceed the regulatory standard substance, we'll provide sufficient information to the customer in accordance with the regulatory requirements to ensure the product can be used in compliance.

We are committed to providing our customers with all necessary information regarding substances of concern in our products. And we will continue to work with our suppliers to ensure the compliance with REACH requirements enacted.
